Mr. Lefever's term will expire Sept. 1, 1955.

LAUNCH MOVE FOR NEW BAND UNIFORMS AT HS

Agreeing that the Gettysburg High School Band is "very badly in need of new uniforms," a group of about 25 parents of band members formed a committee at a meeting Monday evening at the school to consider various plans for a band auxiliary or band boosters' club and report back later with recommendations.

Several of the parents labeled the uniforms now in use as "disgraceful" and urged the formation of a new organization of parents and other interested citizens to help raise funds for new uniforms and perform other services for the band, its members and leader, Robert F. Zeigler.

Mr. Zeigler said the present uniforms have been in use for a dozen years or more and are badly in need of replacement. He said the band has a fund of about \$1,000 but that is called upon each year for music purchases and for conditioning of the dozen or more large instruments the band owns.

Would Cost Over \$3,500

Both Mr. Zeigler and G. W. Lefever, high school principal, told the group of plans that have been considered for operation of such a parents' group here and described how school bands in other towns have been aided by similar organizations.

Mr. Zeigler estimated that upwards of \$3,500 would be required to buy new outfits for a band of 60 pieces with color guard uniforms additional. A drum major's uniform also would be needed, he added. He emphasized, however, that the band uniform project would not be the only service to be performed by a band auxiliary but suggested social affairs, help with uniforms, chaperons on band trips and other functions for such a group.

The group discussed a suggestion that the Parent Teacher Association be consulted on possible cooperation by that body on the band program. It was brought out that more than 200 pupils in the Gettysburg grade schools are receiving instrumental instruction now in addition to these in high school.

The planning committee includes Mrs. E. Donald Scott, Elmer H. Schriver and Mrs. C. T. Ziegler.

Will Discuss New Car Inspection Rules

New rules and regulations contained in the revised booklet, "Official Rules and Regulations for Official Inspection Stations," will be discussed by Sgt. Carl Renz, state police officer in charge of inspection stations, at a meeting of the 62 inspection station operators and 131 inspection mechanics of Adams County Thursday night at 7:30 o'clock in the highway garage.

Dave Oyler, Gettysburg, area inspection chairman for the Pennsylvania Automotive Association, said the meeting is one of more than 150 to be conducted throughout the state in preparation for the opening of the next motor vehicle inspection period on November 1.

Lions Shown Travel Film On Mexico

A color travel film on Mexico was shown the members of the Gettysburg Lions Club by Paul F. Osborn, Biglerville, at the club's weekly dinner meeting at the Shelter House Monday evening. President John S. Rice presided with 109 members and guests in attendance.

The film was one of three compiled by Mr. Osborn following his return from two auto trips through many sections of Mexico.

The Lions voted to attend in a body a zone meeting of Lions at Fairfield November 18 and omit the regularly scheduled local meeting on the preceding evening.

William H. Pensyl was introduced as a guest Monday evening. A meeting of the Community Betterment Committee followed the club session.

Low Was 26 Today; Coldest Morning

This morning's low temperature of 26 degrees above zero made today not only the coldest so far this fall but the coldest October day here in a dozen years.

The 26-degree reading this morning equalled the record for October 21 reached three times previously on this date. October 21 in 1930, 1922 and 1917 saw the same minimum but it has never been lower on this date since continuous records were started in 1903.

The Arendtville laboratory's official low this morning was 24 degrees.

MERCHANTS TO MEET

A special meeting of the Retail Merchants Association will be held this evening at 8 o'clock in the basement of the court house, according to notices sent out by Charles B. Bender, president.

POLICE SCHOOL MAY BE SET UP IN GETTYSBURG

The possibility of holding a training school, probably in Gettysburg, for auxiliary policemen, so there would be a well-trained corps available in case of emergency, was outlined Monday evening by E. Glenn Raffensperger, South St., at a meeting of the Adams County Fire Police organization at Fairfield.

Raffensperger, vice president of the fire police, was reporting on a meeting of fire chiefs, fire police chiefs, councilmen, burgesses, and others held at York at which a Capt. Donovan asked the assembled borough representatives whether they wished such a school. With the majority favoring the plan, Raffensperger said, Captain Donovan said he would set up a training school, probably at Gettysburg, because it would be midway between both York and Chambersburg, both of which need a large number of auxiliary police, Chambersburg because of Letterkenny and York because it has so many defense plants.

Raffensperger presided Monday night in the absence of President Charles W. Culp Jr., who was unable to attend the session.

Show New Raincoats

Fairfield firemen presented a demonstration of their "Scotch-lite" raincoats which make them visible in wet and dark weather. The coats have strips attached to them spelling out the words "Fire Police" and bands of the same material at various places on the coat. When the headlights of cars, or other light strikes the bands or wording, the material gives off a glow. Fairfield fire police explained that not only does the material prevent accidents, but it also identifies the wearers of the coats immediately as fire police to motorists or others. The raincoats, with the tapes, cost about \$35 each, they said.

A general discussion was held on the possibility of identification cards for all persons in the county, so that each person would be bearing a card listing his name, address and nearest relative in event of emergency.

The next meeting of the county fire police will be held November 10 at 8 p.m. at Cashtown.

BIGLERVILLE FIREMEN OPEN NEW CAMPAIGN

The Biglerville Hose and Truck Co. No. 1 Monday began a fire prevention campaign which will extend for two weeks, and in connection with its effort to make residents of the Biglerville area more conscious of fire prevention, will take orders for fire extinguishers.

"The best fire protection is prevention," say letters sent to residents by the Biglerville firemen, over the signatures of R. Dale Guise, president, and Paul R. Fissel, chief. "The next best is to put out the fire when it is small. Nearly every fire could be put out with little or no damage if caught soon enough with the right equipment."

Can Save Lives
The fire extinguishers are the carbon dioxide type which the firemen claim should be in every home, automobile, truck, garage or barn.

"The prompt use of carbon dioxide in many cases would prevent serious damage or loss of life."

BAND IN NEED OF FUNDS FOR INSTRUMENTS

The Blue and Gray Band is seeking to raise additional funds for the purchase of needed instruments. Its most urgent needs, Director Charles C. Rogers said, are two new flutes and a Double B bass horn.

The band played 33 engagements during the past season, one of the busiest schedules in its history. A number of these engagements were "free" concerts, from which the band derived no remuneration.

The 43-piece band, under the direction of Mr. Rogers, opened its 1952 season with the Armed Forces Day parade on May 17. It played for the Colored Memorial Day Exercises on May 25. On May 30 it took part in the Gettysburg Memorial Day parade and ceremonies at the National Cemetery, and on June 13 participated in Flag Day exercises in Gettysburg.

It took part in 12 parades this summer with the Gettysburg Fire Department, as follows: June 4, New Windsor, Md.; June 12, Taneytown, Md.; June 25, Westminster, Md.; July 11, Manchester, Md.; July 16, Arcadia, Md.; July 17, Emmitsburg, Md.; July 24, Mt. Airy, Md.; July 30, Hampstead, Md.; July 31, Thurmont, Md.; August 16, Dallastown; September 1, Adams County Firemen's Convention, New Oxford, and October 9, state firemen's convention, Scranton.

Other Engagements

The band also took part in the fire company's annual observance of the Battle of Gettysburg and its Fourth of July celebration and parade. Among the concerts given were: VFW, Greencastle, Pa., June 21; Mont Alto Sanatorium, July 6; concert for St. Francis Xavier Church bazaar, Gettysburg, July 18; concert at Adams County Home, July 26; concert at Littlestown, July 28 (evening); concert, Greenmount Fire Co., August 1; Lincoln Square, August 7; Bendersville Fire Co., August 11; Reese Fire Co., Reese, Md., August 12; Barlow, August 15; Rocky Ridge, Md., August 16; VFW concert, Gettysburg, August 29; Gettysburg High School, September 11.

MANY CASES BEFORE COURT HERE MONDAY

A large number of minor cases were brought before the Adams County Court Monday afternoon with the three judges sitting until after 6 o'clock Monday night. James Luther Smith, Gettysburg, was placed on parole for one year. He began serving an 11- to 23-month sentence November 17, 1951, on charges of robbery, prison break and violation of the uniform firearms act in connection with the alleged pistol robbery of some Puerto Ricans in the West High St.-Franklin St. section. Costs have been paid in the case. It was reported.

William G. George, Gettysburg, following a desertion and non-support hearing, was ordered to pay \$16 per week for the support of two children, pay the costs and post bond of \$500 on his own recognizance to keep the peace. Permitting an agreement between Mr. and Mrs. George that she would support the children if he paid off several loans, the court directed that as long as George pays \$16 per week on the loans he can simply show the receipts to the probation officer. When the amounts to be paid fall below that the difference between that amount and the \$16 should be paid to the probation officer.

Other Support Cases

Arthur Congleton, Hanover R. 4, following a desertion and non-support hearing, was ordered to pay \$20 per week for the support of his wife and three children, pay the costs and post a \$500 bond.

We know doctors and hospitals. It has been our life work, and we can both say that no other place in the U. S. A. could have cared for us better. We think the citizens should know and be proud of this institution.

Many people of the city have also been kind to us, Ladies of the Eastern Star and many others. To everyone we wish to express our thanks and appreciation. God bless you all.

MRS. LANGSAM LAUDS WORK OF UNITED NATIONS

The "truly tremendous work" of the United Nations was described Monday evening by Mrs. Walter C. Langsam, wife of the president of Gettysburg College, at a meeting of the local Rotary Club held at the YWCA.

While in Long Island, she told the group, she secured a great deal of information about the workings of the United Nations by becoming interested in how the non-governmental representatives at U. N. operate. Her group wrote to the various organizations represented in the U. N. and invited the U. N. representatives to meet with them, to tell them of what they were doing.

She added that what had been tried as an experiment became a great success. "We had 87 U. N. representatives of non-governmental agencies, groups like Rotary, women's clubs, churches etc., and because we seemed to be the first persons who expressed an interest in them, they were very appreciative and took us into the U. N. to attend meetings with them, and learn the work they are doing."

Operate On Shoestring

"As a result of the close view I have had an opportunity to understand the great work they are doing, and to realize they are doing it on a shoestring. It makes me angry to hear people say the U. N. is throwing money away. The U. N. operates on a budget smaller than the amount needed each year to clean the streets of New York. When we consider how foolishly we do throw away millions for less worthy causes, I don't see how we can accuse the U. N. of wasting money. It is doing a tremendous and important work, and doing it very economically."

"Because I had the opportunity to meet and be with so many U. N. personnel I came to realize what high caliber persons they are."

Not Visionaries

"They are not visionaries, but they certainly are men and women of high ideals—almost of missionary zeal. Some of them are heroes in what they do—chopping their way through jungles, living in the most primitive conditions to help make this a better world, to bring better health to backward peoples, to help people to help themselves."

"I heard that frequently in meetings of the technical assistance organization I attended. There I heard reports from all over the world of the work done by the technical assistance group, and how the World Health Organization and the World Agriculture Organization and other agencies work together to help backward areas develop."

"The difficulties encountered are tremendous. There was one report from a Greek village. For years things had been done in a certain way; the technical men sent there knew that if a ditch already in existence to hold water were dug deeper and wider it would hold enough water to permit the people to plant crops earlier and avoid the annual drought. Finally one man was convinced of the value of a deeper ditch. The technical agency could not dig the ditch because of its set-up to help people help themselves. Despite opposition of all other villagers, this one man increased the size of the thousand-year-old ditch. And the plan was effective. The next year there was enough water. That sparked the whole community into believing that perhaps these technicians knew what they were talking about—that change could do some good. And now numerous projects are underway among the people of the community."

"That was just one little problem, but think of the help to those people, and in time, through help to hundreds of other communities, the improvement of world conditions."

South Koreans Block Chinese Struggle For Sniper Ridge

SEOUL, Korea (AP)—About 1,500 Chinese Reds attacked in a blinding rainstorm tonight in a renewed assault on mud-coated Sniper Ridge. The Communists struck under cover of an intense artillery and mortar barrage. But South Koreans held them at bay with heavy rifle and artillery fire.

An officer predicted the Red attack would build up during the night. It was aimed at Pinpoint Hill, highest peak on the ridge.

"They came down the ridge from the north," the officer said. "We can't use flares because of the overcast and rain."

Couldn't See Foe

The night was so dark the South Koreans couldn't see the Chinese until the attacking troops were almost upon them.

An ominous quiet hung over nearby Triangle Hill where U. S. Seventh Division troops awaited an expected Chinese onslaught.

Some 20 miles to the east, South Korean troops battled to within 40 yards of the crest of Iron Horse Mountain at noon today. They pulled back, however, because their supporting tanks could not find their targets through heavy fog that covered the valley floor. A chill rain fell across the battlefield.

Overcast skies grounded U. N. warplanes.

Only the sporadic fire of Allied and Chinese artillery broke the quiet on Triangle and Sniper Ridge early today.

All-weather B26 Invader bombers last night attacked two Red supply concentrations in North Korea. Pilots reported 20 explosions—probably ammunition—at one of the targets north of Pyongyang.

BREAK GROUND FOR NEW ACME MARKET HERE

Ground was broken Monday afternoon on the Glenn L. Bream lot, bounded by Springs Ave., West St. and W. Middle St., for a new Acme supermarket which is intended to be the first unit in a "Gettysburg Shopping Center."

It will have 10,000 square feet of store space and a basement 30 by 60 feet providing an additional 1,750 square feet, to be rented by the American Stores on a ten-year lease.

The building will face West St., Mr. Bream said. Other units planned for erection later will extend in a north-south direction. The rear wall of the building will come within 20 feet of the Tiber. Space will be left for a service driveway between the building and the Tiber.

Plan Parking Area

Fronting the building will be a large parking lot which will also extend on the Springs Ave. side. Plans have been made for 60 parking spaces, with provision for 5

Larry Hagans, five-year-old son of Mr. and Mrs. Melvin Hagans, Chambersburg R. 4, suffered a possible fractured skull when he was hit by an automobile on W. Confederate Ave. near the North Carolina monument, Sunday afternoon at 3:15 o'clock.

National Park rangers who investigated said both parties agreed the accident was unavoidable, with the child running into the road after his parents had stopped their car to view the monument. The youngster was hit by a car driven by Albert J. Confehr, Lancaster. The child was treated first at the local hospital and then moved to the Chambersburg Hospital for observation.

MRS. LANGSAM

(Continued from Page 1)

pointed out that "not only do the U. N. agencies have to deal with backward people — they also have to deal with backward governments. And thus the problems are compounded. The agencies go on invitation. If any of the work they suggest is carried out, it must be carried out by the people of the country and must be paid for by those people or their government. If the country is financially able it must also pay the salaries of the technical agents."

"The most difficult problem usually is the question of what is to be done first. Frequently, the first thing that has to be done is the construction of roads, so that materials can be brought in to do the work needed. Then the land must be brought back to productivity so the people will have enough to eat, and then small businesses, or crafts, can be established to help the people attain a higher standard of living. Frequently again the first thing that must be done is to drain swamps, or provide preventative medicine."

"These problems throughout the world are so many, of such magnitude, and can be solved so slowly that it is extremely difficult to bring home to the average person the tremendously complex and worthwhile work the United Nations is doing."

Better Than Expected
"We see and hear ordinarily only of the big fights with Russia in the security council or general assembly. But in the meantime the agencies are carrying on the work of the U. N. throughout the world with little publicity."

"I agree that the U. N. has not worked out as well as we had hoped — but it has really worked better than we had a right to expect."

"We are living in difficult days. But I think we would be living in days of complete chaos if we did not have the U. N. We are fortunate that it was established before the war was over. Without it, I think the Soviet would have made more progress. But because they are in the U. N. they display to all the world their lack of cooperation and their methods. The observers from all countries in the U. N. see the Russians in action and they know them at first hand for what they are."

Resists Infiltration
"I think it was inevitable that the Communists would attempt to get key positions in the U. N., but that does not argue that the U. N. is Communist. The U. N. has resisted such Communist infiltration and has done it well."

Mrs. Langsam was introduced by Dr. Frederick Shaffer, U. N. committee chairman for the local Rotary club. It was announced that from 9:30 to 9:45 p.m. October 24, both presidential candidates, Adlai E. Stevenson and Dwight D. Eisenhower will speak on a special U. N. Day radio broadcast over CBS.

Vice President Walter B. Lane announced that a fire prevention week program will be held at next Monday night's meeting with the three Gettysburg fire chiefs, Donald Jacobs, Donald McSherry and Donald Staub, and County Fire Marshal Francis Murren as guests. Sgt. Pryor, assistant state fire marshal, will be the speaker. President Richard E. Dreas presided Monday with 60 present.

Local Fire Trucks Are "Winterized"

The cold snap brought "winterization" to the borough's fire trucks today. Assistant Fire Chief Donald M. Staub was placing an anti-freeze in the radiators of all of the fire engines this morning, after noting that ice had frozen on Rock Creek during the night. On two of the engines the anti-freeze is only a temporary measure, because when they are used to pump water at fires, the cooling system must be opened, and thus the anti-freeze is lost. On the more modern engines, however, such a system is not in effect, and after this morning they were ready for any temperature down to 10 below.

GHS, Bullets, Cannons, Delone At Home This Week

A choice menu of gridiron dishes awaits local football fans this week with four outstanding contests being listed for home fields.

Two of the headlines will be staged Friday night, Chambersburg meeting the Gettysburg High Warriors here in the top South Penn Conference attraction while Palmyra, leader of the Conference of the Roses, plays at Biglerville.

Concluding the big local program will be the clash between Muhlenberg and Gettysburg College Saturday at 2:30 p.m., a feature of Homecoming Day here.

All indications point to a record-breaking attendance when Chambersburg comes here Friday night. The Trojans are currently leading the South Penn Conference with the Warriors in second place. The game looms as one of the most important remaining for both teams and the winner will get top billing as the favorite to cop the loop championship, now being defended by Coach Howard Shoemaker's outfit.

Host To Palmyra
Gene Hass' Cannons also have a rough assignment in their tilt with Palmyra. Biglerville has won its last two games for a 3-3 mark while Palmyra has lost but once, 27-6 to Hershey in a non-conference game.

The Gettysburg-Muhlenberg clash is always a thriller and this year should be no exception. Both teams have been finding the going rough recently and will be anxious to swing back into the win column. Saturday's game will start at 2:30, instead of 2, due to the inauguration of Dr. Walter C. Langsam as the new college president.

Fresh from a 20-6 win over York Catholic on Sunday, Coach Johnny McMahon's Delone team will be host to strong St. Matthews of Conshohocken Sunday afternoon at McSherrytown.

Littlestown will be on foreign terrain Friday night, meeting Kennard-Dale on the latter's field.

Friday will also mark the opening date of the Gettysburg College freshman football season, the Bullets engaging Johns Hopkins at Baltimore.

Jr. Hi At Waynesboro
The unbeaten and unscorched-upon Gettysburg Junior High team meets Waynesboro on the latter's field Thursday evening at 7 o'clock.

Opening the week's program of gridiron activity will be the Biglerville junior varsity-Carlisle game at Carlisle, Wednesday.

Twirls No-Hitter For Ten Innings

CARACUS, Vene. (AP)—A pitcher from Sunbury, Pa., tossed no-hit ball for 10 2-3 innings in a Venezuelan pro baseball league game here.

The hurler, John Mackinson, the property of the Philadelphia Athletics playing with the Magallanes club, received credit for the 10-13-inning victory over Caracas Sunday.

Mackinson had allowed no hits and only one run when Chico Carrasquel, Chicago White Sox shortstop, came to bat for Caracas with two out in the 11th. Carrasquel singled for the first base blow off the young Pennsylvanian.

The Magallanes batted around for nine runs in the 13th to take the lead with Mackinson giving up two more hits in the bottom half of that frame.

BEAVER FALLS, Pa. (AP)—Geneva College will be looking for a new football coach next season.

Walt West, in his fourth year as head coach, has resigned, effective June 10, 1953. Said West in a letter to athletic director Cliff Aultman:

"Under the present athletic policy of Geneva College, I cannot do justice to the students, players and faculty in respect to winning our share of football games. Because of the existing policy, please accept my resignation as football coach, assistant basketball coach and golf coach."

Aultman said West referred to the small number of campus jobs available to athletes. He added he hopes West will reconsider his action.

MICHIGAN STATE HOLDS ON TO TOP PLACE IN POLL

By ED CORRIGAN
NEW YORK (AP)—Michigan State's rampaging Spartans continued their stranglehold on the No. 1 spot in the Associated Press' weekly football poll today by nosing out Maryland in the fourth edition.

The result gives Michigan State a record of three out of four firsts. Only in the second week did the Spartans falter. That was when Wisconsin took over the top rung. State was second then.

The undefeated Spartans, who are making the experts look good—they were selected as the best team in the country in the AP's preseason poll—had a margin of 50 points over Jim Tatum's powerful Maryland outfit.

Terps Cut Margin
Maryland also was second last week, but the margin that time was 65 points, so the Terps are gradually trimming the margin.

State garnered 1,191 points, along with 49 firsts, from the 138 sports writers and sportscasters from coast to coast who cast ballots. Maryland, which has won one more game than Michigan State, five, had 1,141 points and 36 firsts.

The votes are tabulated by giving 10 points for first place, nine for second, eight for third and so on down the line.

Two Newcomers
There were two newcomers to the first 10—Virginia, No. 9, and Wisconsin, No. 10. To make room for the pair, Kansas and Purdue, both of which were defeated last Saturday, went tumbling downward.

The most impressive gain, however, was made by Oklahoma, which vaulted from sixth to third and gathered 23 first-place votes along with 913 points. The Sooners just about wrapped up the Big Seven title for the fifth straight year with their triumph over Kansas.

After Oklahoma came California, No. 4; Georgia Tech, No. 5; Duke, No. 6; Southern California, No. 7; and UCLA, No. 8.

The leaders with first-place votes in parentheses:
1. Michigan State (49) 1,191
2. Maryland (36) 1,141
3. Oklahoma (23) 913
4. California (9) 883
5. Georgia Tech (5) 803
6. Duke (5) 574
7. Southern Cal (1) 503
8. UCLA (3) 476
9. Virginia (5) 188
10. Wisconsin 162

On Second Ten
11. Pennsylvania 112
12. Villanova 111
13. Tennessee 77
14. Ohio State 64

15. Kansas	51
16. Notre Dame	47
17. Penn State (2)	37

have a 50-foot tower at the corner above the main entrance. Its plate glass windows will face West St. with 30 feet on the Springs Ave. side, with a concrete sidewalk around it and a canopy extending over the sidewalk on both these sides.

A double line of parking spaces will be provided in front of the store and a single line on the Springs Ave. side. The brick will be dark buff. The store fronts will have glass and porcelain trim, the latter in cream and blue.

\$82,000 Project
Mr. Bream estimated the cost of the new building at \$70,000 and the cost of the parking lot, which he said would provide 24-hour, free parking for anyone, at \$12,000.

The architect is Herbert Plunkert, Littlestown, and the contractors the Gettysburg Construction Co. It is expected that the market will be completed by April 15.

Mr. Bream said he is negotiating for the erection of a second store in the Shopping Center unit, adjoining the Acme Market on the south, and that others will be built as leases were signed.

The parking lot will have four inches of stone as a base, with two inches of blacktop. It will contain 24,000 square feet of parking space and, under Mr. Bream's plan to allow free parking to anyone on a 12-hour basis, is expected to do much to relieve parking congestion nearer the center of the town.

Taft is scheduled to deliver his first talk at Belleville at 12:30 p.m. another talk at Teaneck at 3:15 p.m., and, following a private dinner at Elizabeth, address a meeting at the Union High School.

DODGERS, REDS PLACE 3 EACH IN TOP FIELDERS

NEW YORK (AP)—The Brooklyn Dodgers and the Cincinnati Reds, who equaled an all time National League club fielding record this year, placed three men each on the list of 1952 fielding winners.

In the American League, the World Champion New York Yankees and the surprising Washington Senators topped the pack with two men each. Only one other team in the National League—Boston—was represented, while every other club but the Detroit Tigers had at least one man on the AL group.

Final Associated Press figures today reveal that first baseman Ted Kluszewski of Cincinnati and Mickey Vernon of Washington retained their 1951 titles. Each showed a .33 mark to pace all other first sackers.

Individual Honors
In the National League, Grady Hatton, of the Reds took second base honors with a .990 mark after successfully making the switch from third base. It was his first season at second base.

Shortstop Johnny Logan of Boston, in his first full year in the major leagues, captured honors at his position over seasoned veterans like Pee Wee Reese, Al Dark and

Granny Hamner, Logan committed but 18 errors in 117 games for a .973 rate.

Brooklyn's Billy Cox, considered by many as baseball's best fielding third baseman, went a long way toward evidencing his superiority by topping all NL third sackers with .972. Last year he was second to Billy Johnson of St. Louis.

Sid Gordon Leads
Boston's Sid Gordon paced all the flycatchers with a .996 average a 12-point jump from last year. He is flanked in the outfield by Duke Snider of Brooklyn and Bob Borkowski of Cincinnati.

With Vernon in the A. L. infield were Nellie Fox, Chicago's scrappy, tobacco-chewing second baseman with .985; shortstop Johnny Lipon, who split the season between Detroit and Boston, and Gil McDougald of the Yankees at third base. Lipon, who figured in the mid-season seven player deal between the Tigers and Red Sox, was last among the short fielders last year with a .949 mark. He posted a .979 this year. McDougald fielded .972.

IKE ATTACKS TRUMAN BEFORE LARGE CROWDS

By DON WHITEHEAD
ABOARD EISENHOWER SPECIAL IN NEW ENGLAND (AP)—An angry and bitter Dwight D. Eisenhower drove his presidential campaign through New England today accusing the Truman administration of trying to capture the presidency with lies and slander.

Pushing himself and those around him at a machine-gun pace, the GOP presidential candidate put aside lofty appeals for the most part in favor of ramrod counter-attacks against the Democrats.

Through virtually every speech he made in this industrial Northeast ran a scarlet thread of anger—anger against his one-time friend President Truman and charges he said have been made against him and his party.

Drawing Big Crowds
Eisenhower was drawing big and enthusiastic crowds at each stop. Even snow flurries and cold winds failed to drive the people indoors. Late yesterday—as Eisenhower was running behind schedule—crowds waited in the cold for more than an hour to see him and hear him talk.

The politically doubtful state of Massachusetts again was the main Eisenhower target today. After an opening speech in Manchester, N. H., he was to speak in Boston at noon, and then fly to New York City late in the day for an evening address before the New York Herald Tribune Forum.

On Final Lap

Yesterday he began his last-lap campaign with 12 speeches and he had another seven on the schedule for today. And there was no sign he intended to slacken this pace before election eve regardless of weather.

The GOP presidential candidate opened this final phase of his campaign by saying that he intended to discuss throughout New England the relationship between world peace and American prosperity.

On this theme he said that the cornerstone of peace must be a strong America—strong economically, spiritually, militarily.

Bitter About Charges

He promised an administration which would marshal the resources of the nation to prevent another depression and declared the "crime of depression" would never happen again. He held out the promise also of full employment at high wages, a growth industry without corruption, and a leadership that would set the nation on the road to peace.

But with increasing bitterness he referred to charges that he said the opposition was peddling against him and his party.

On this score, he asserted over and over that his opponents were waging a "hate and fear campaign" in which he was being accused of being anti-Semitic and anti-Catholic.

He said such accusations were lies and falsehoods.

Lambert, pastor of the Evangelical and Reformed congregations of the Dover charge and chairman of the Kingdom Service Committee of the Mercersburg Synod, who has represented the Reformed denomination at the meetings of various synods throughout the United States, was the guest speaker at the union vesper service held on Sunday evening at St. John's Lutheran Church. The speaker was introduced by the Rev. Frank E. Reynolds, pastor of Redeemer's Reformed Church. The Rev. Mr. Lambert used as his sermon subject, "The Two Gardens," and he spoke of the type of characters found in the gardens of Eden and Gethsemane. The service was in charge of the pastor of the host church, the Rev. William C. Karns. The scripture was read by the Rev. Mr. Reynolds. Selections were sung by the Brotherhood Quartet, composed of Dale W. Starny, Albert Starny, Alvin J. Grot and Edgar E. Yealy, accompanied by Mrs. Jay D. Basehoar, church organist, who presided at the console for the congregational singing. The service closed with the benediction pronounced by the Rev. Mr. Karns.

Next Sunday evening at 7:30 o'clock, the annual union Reformation service will be held in Christ Reformed Church, near town. The Rev. Mr. Karns has secured the Rev. Dr. Herbert H. Schmidt, librarian at the Lutheran Theological Seminary, Gettysburg, as the guest speaker. The service will be in charge of the Rev. G. Howard Koons, pastor of the host church. These union services are sponsored by the Littlestown Ministerium.

ASK COURT TO SAVE 2 NEGROES

TRENTON, N. J. (AP)—State Supreme Court has been asked to set aside the conviction of two of the defendants in the Trenton Six murder trial.

Six negroes were tried three times for the killing of elderly shopkeeper William Horner on Jan. 27, 1948. At the conclusion of the last trial, in June, 1951, Collis English and Ralph Cooper were convicted and sentenced to life imprisonment.

The other four—McKinley Forrest, John MacKenzie, Horace Wilson and James Thorpe—were set free.

Wants Division Set Aside
Arthur Garfield Hays of New York City and George Pelletieri of Trenton, counsel for the defendants, asked the Supreme Court yesterday to set aside the convictions, alleging 14 different counts of error in the jury trial.

Mercer County Prosecutor Mario Volpe, who also conducted the jury trial for the state, said none of the arguments advanced by the defense counsel was valid and there was no reversible error in the case.

The Trenton Six were first tried a few months after the crime was committed. They were all convicted and sentenced to the electric chair, but the State Supreme Court set aside that verdict and ordered a new trial.

A second trial was ended inconclusively when Volpe underwent an emergency appendectomy. The third trial lasted more than three months—from March 5 to June 14.

Burgoon, Gloria Burgoon, Jerri Roberts, Marilyn Spangler, Miss Spangler, a member of a national Reformed youth committee, presented a report on her committee's work, at the rally. Due to the Youth Rally, the Youth Fellowship of Redeemer's Church did not meet on Sunday night. The next regular meeting will be held Sunday, Oct. 26, 6:15 p.m., in the church social hall with Mary Lou King as leader for the topic discussion.

Those who attended the Mercersburg Synod Youth Rally, held on Sunday afternoon at First Evangelical and Reformed Church, Carlisle, from Redeemer's Church included: the pastor, the Rev. Frank E. Reynolds, Bernice Currents, Diane Stambaugh, Susan Jacobs, Barbara Swam, Mary Lou King, Mary Ann

NEW BIBLE IS CRITICIZED

ATLANTIC CITY, N. J. (AP)—The new revised standard version of the Bible is criticized by the New Jersey Council of Christian Churches for what it calls altering cardinal doctrines of the faith.

In a resolution yesterday the council said the "liberal theological basis of all the translators has influenced their translation in favor of denials of basic evangelical doctrines."

"While recognizing the need of revising archaic English wording,

it should not be done in such a way as to alter cardinal doctrines of the faith as this new version does," the resolution said.

Delegates from 68 New Jersey churches adopted the resolution at an annual one-day fall meeting. The council, an interdenominational group, is affiliated with the American Council of Christian Churches.

Among other criticisms of the

new Bible, as listed by the New Jersey Council, was that predictive elements of "prophecy have been eliminated, and that departures from the St. James version detract from the deity of Christ.

STRIKE SPREADS THROUGH SOFT COAL FIELDS

By JOHN MOODY
PITTSBURGH (AP)—The number of idle workers in the soft coal fields continued to grow today as the industry appealed to United Mine Workers President John L. Lewis to get his men back to work.

Harry M. Moses, president of the Bituminous Coal Operators Association, has made public a letter asking Lewis to "strongly urge" the miners to return to the pits.

Lewis has remained silent since the Wage Stabilization Board cut 40 cents from the \$1.90 a day pay raise won recently in a new contract with soft coal operators.

W. Va. and Pa. Hard Hit
West Virginia and Pennsylvania, the two top coal producing states, are hardest hit by the strike. In West Virginia all 115,000 of the UMW members are out. Pennsylvania has 86,500 of its 92,500 miners idle.

Only violence reported thus far was at Grundy, Va., where Buchanan County Sheriff Ishmael Fletcher reported shots were fired into a cabin which housed seven nonunion miners. No one was injured.

The day-old strike quickly affected the railroad industry. The Baltimore and Ohio Railroad notified 1,200 maintenance workers that because of the coal strike they will have no work after tomorrow. The Norfolk and West-

ern Railway in West Virginia said it is laying off 300 employees immediately.

So far, Lewis has not ordered a strike. The miners apparently are staying away from work to show their disapproval of the WSB action.

Only 65,000 of the union's 375,000 soft coal diggers reported for work yesterday.

Other states hit by the strike are Illinois, where 17,000 UMW members are out; Kentucky, 33,000 idle; Indiana, 8,500; Alabama, 15,000; Ohio, 12,000; Virginia, 9,000; and Tennessee, 2,000. Smaller numbers were reported out in other coal producing states.

Warren Points Out "Strange Paradox"

PHILADELPHIA (AP)—Gov. Earl Warren of California carries his campaign for Republican presidential nominee Dwight Eisenhower in to Philadelphia today.

Warren speaks at the University of Pennsylvania and Temple University and also will deliver a 30 minute speech tonight which will be carried locally on radio and television.

In a speech at Belleville, N. J., last night, Warren called the present campaign a "strange paradox" since only four years ago the Democrats wanted the general to head their ticket and now belittle him as "a man on horseback."

Warren, Republican vice presidential candidate in 1948, said that 10 of 11 Western states have switched to Republican administrations and "nowhere in these Republican states has the laboring man or the farmer or any ordinary citizen been let down."

"How Can The Church Affect World Order?" was the topic of discussion at the meeting of the Christian Endeavor Society of St. Paul's Lutheran Church on Sunday evening, in the church social room.

Robert B. DeGroff led the discussion and also had charge of the call to worship. A song service was held and was followed with the Scripture less on read by Dean Yealy. A poem entitled "Little Things That Fret Me" was read by Frances Miller.

The president, Mrs. Jean DeGroff, who presided, appointed Dawn Pettyjohn and Darla Lemmon to serve as a standing recreation committee. William Benner was selected to be the leader for the meeting

next Sunday at 6 p.m. It was announced that a meeting of the Adams County Christian Endeavor Society will be held this evening in York Springs. The meeting concluded with the C. E. pledge and benediction repeated in unison.

Mission Group Meets

Mrs. Guy McCabe, president of the Women's Missionary Society of St. Luke's Union Church, near White Hall, presided at the monthly meeting of the society Friday evening at the church. The meeting opened with the Scripture lesson read by Mrs. Hazel Flickinger. Prayer was offered by the Rev. Oscar E. Feeman, pastor of the Lutheran congregation. The group then decided to hold a World Community Day service on Friday evening, November 7, 8 p.m., at the church. The congregations of St. James' Reformed Church, along the Harney Road and Grace Lutheran Church, Two Taverns, will be invited to attend this service, for which a guest speaker will be secured and special music will be rendered. It was announced that at this service contributions of packets for peace will be appreciated. These packets should consist of good used clothing for infants and children up to six years of age, to be used for war relief.

It was agreed to hold the annual Thank - offering service on Sunday, November 23, 10:30 a.m. This service will be arranged by the Missionary Society and the

Rev. Mr. Feeman will be in charge.

Report On Conference

A report on the proceedings at the Synodical Women's Guild conference held on October 14 at Zion Reformed Church, York, was presented by Miss Betty Hartlaub, who was the delegate from the society. Others who attended this conference from St. Luke's Church were Mrs. Guy McCabe and Mrs. Parr Breighner. An invitation was extended to the group to attend the fall conference of the Nevin Regional Women's Guild to be held Tuesday, October 28, with sessions beginning at 9:30 a.m. and 1:15 p.m. in Christ Reformed Church, near Littlestown. The secretary's report was given by Mrs. Parr Breighner. It was decided to hold the next meeting at the church on Friday, November 21. The leader for the discussion of the November topic was not appointed.

A brief program followed the business session. The singing of the hymn "Wonderful Words of Life" was followed with the meditation by Mrs. John H. Hartlaub. The discussion of the subject "In Each Human Life" was led by Mrs. Parr Breighner, assisted by Mrs. McCabe and Miss Betty Hartlaub as storytellers. The meeting concluded with the Lord's Prayer repeated in unison by the group.

The Senior Choir of St. Paul's Lutheran Church will meet for re-

hearsal on Thursday evening at 7:30 o'clock.

A Halloween party will be featured at the monthly meeting of the Tuck-a-Bach Sunday School Class of St. John's Lutheran Church on Wednesday evening at 7:30 o'clock at the church. Each member is requested to attend in costume or a fine will be charged; and also bring a friend, in costume. Each member will provide her own paper bag lunch as well as a gift for a white elephant party.
